

Rational Expressions and Equations

Formative Assessment #20 – Rational Expressions

Due Date: _____

Completed: _____

AN4.1: I can determine the non-permissible values for a rational expression.
 AN4.2: I can simplify a rational expression.

1. Simplify and state all non-permissible values.

$$\frac{18x^8y^4z^5}{-63x^5y^9z^2}$$

2. Simplify and state all non-permissible values.

$$\frac{4x^2+8x-140}{25-x^2}$$
